

SPEEDCHEK

PERSONAL SPORTS RADAR

SPEEDCHEK will clock the speed of almost anything that moves!

Can be used for:

Hockey - Baseball - Tennis
Soccer - Racquet Ball
Softball - Skating - Golf
Running - Cycling
Lacrosse - Carting
ATV Racing - RC Cars
Many other uses

Size 6.5" tall x 7" wide x 2.3" deep

You don't hold the Speedchek; you rest it upright on the ground, roughly in line with the object being tracked. It registers the speed almost immediately—up to 150 mph (or 199 kilometers per hour, if you prefer) and holds the reading for a few seconds. The last reading can be recalled by pushing the recall button on the front of the Speedchek unit. Radar guns are the most effective way to improve your skills in many sports. The Speedchek Speed Sport Radar Gun offers the user immediate feedback for whatever sport your in-to. Coaches, kids, and parents, love the Speedchek radar gun, because it makes learning, and practice fun. The Speedchek Radar Gun is the most affordable radar gun on the market.

Speedchek Speed Sport Radar utilizes the same precision radar technology as used in police radar devices.
